VENUE

Tokyo Aquatics Centre

The Tokyo Aquatics Centre is one of the new facilities commissioned by the Tokyo Metropolitan Government for the Tokyo 2020 Games. It served as the venue for aquatics sports, including Olympic disciplines such as Swimming, Diving, and Artistic Swimming, as well as Paralympic Swimming. Spectator seatings are on large scale and the main pool, diving pool, and sub pools are all certified to the international standards. Additionally, there are facilities equipped with trampolines, dry boards, training pits for diving practice, and other related equipment.

The exterior pillars resemble bamboo groves, while the pool's ceiling features an origami motif, showcasing Japanese characteristics throughout the building.
